REMARKS

In view of the following discussion, the Applicants submit that none of the claims now pending in the application are unpatentable under the provisions of the judicially created doctrine of double patenting. Thus, the Applicants believe that all of these claims are now in allowable form.

I. REJECTION OF CLAIMS 38 AND 42 UNDER JUDICIALLY CREATED DOCTRINE OF DOUBLE PATENTING

The Examiner rejected claims 38 and 42 under the judicially created doctrine of double patenting. Responsive to the Examiner, Applicants herein file a terminal disclaimer in compliance with 37 CFR 1.321(c). Thus, the present rejection is now moot and the Applicants respectfully request the rejection be withdrawn.

II. ALLOWABLE CLAIMS

The Applicants want to thank the Examiner for indicating that claims 38 and 42 are allowable if the double patenting rejection is overcome.

Responsive to the Examiner, as indicated above, Applicants herein file a terminal disclaimer to overcome the double patenting rejection. As such, Applicants respectfully submit that claims 38 and 42 are now in allowable form.

III. CHANGE OF CORRESPONDENCE ADDRESS

Applicants have again enclosed the Revocation of Associate Power and Appointment of New Attorney And Change of Correspondence Address that was previously filed on February 4, 2005. It is respectfully requested that the correspondence address be changed to:

CONCLUSION

Thus, the Applicants submit that all of these claims now fully satisfy the requirements of patentability. Consequently, the Applicants believe that all these claims are presently in condition for allowance. Accordingly, both reconsideration of this application and its swift passage to issue are earnestly requested.

If, however, the Examiner believes that there are any unresolved issues requiring the maintenance of the present final action in any of the claims now pending in the application, it is requested that the Examiner telephone Mr. Kin-Wah Tong, Esq. at (732) 530-9404 so that appropriate arrangements can be made for resolving such issues as expeditiously as possible.
